ACKNOWLEDGEMENTS:

Thank you to Len French, of CCCQ, for coordinating and putting together the earlier editions of the HELP BOOK, most recently in 2009.

At Cit-In at Rawson, Victoria in 2014, Edition 3 was out of date and at the Presidents' Meeting, I put up my hand to try to bring it up to date as an ongoing aid to Citroen travellers as they journey around this great country of ours.

This edition contains information provided by Citroen Clubs across the Australia. Being a dynamic community, this new edition will probably have some information which will be out of date the week after printing, but it does represent the best available information, and is presented with all care to accuracy.

Club Citroen of SA will produce this new Edition as part of its organisation of Cit-In and will present a copy to all registrants at Cit-In, Nuriootpa, 2015, and also will make it available through Clubs thereafter. It is expected that each Club responsible for Cit-In organisation each year will produce and issue a new edition. In this way, there will be an automatic mechanism for up-dating the HELP BOOK and that being up-dated each year will not be such a mammoth undertaking.

INTRODUCTION

This HELP BOOK provides lists of contacts where assistance may be available. Where the information is available, the BOOK lists Authorised Citroen Sales and Service Agents, and other sources of skilled technical and mechanical expertise suggested by Clubs and Members, noting however, that Club Citroen of SA, nor any other Club or Club Member are taking responsibility for the quality of work or advice received. In using this HELP BOOK, Members seeking advice and assistance acknowledge that they will take responsibility for their own actions at all times.

Also listed in the HELP BOOK are the names and contact details of Club Members across the country who have generously offered to be contacted if help is needed. They may not always be able to assist, but will do their best to help under whatever circumstances may apply.

KEY TO CLUB MEMBER CODES
